

Red List species Arboretum Wespelaar (20/11/2023)

RL CODE	NAME	
EW	<i>Franklinia alatamaha</i>	extinct in the wild
CR	<i>Abies numidica</i>	critically endangered
CR	<i>Acer pentaphyllum</i>	critically endangered
CR	<i>Betula chichibuensis</i>	critically endangered
CR	<i>Fraxinus pennsylvanica</i>	critically endangered
CR	<i>Fraxinus profunda</i>	critically endangered
CR	<i>Fraxinus quadrangulata</i>	critically endangered
CR	<i>Glyptostrobus pensilis</i>	critically endangered
CR	<i>Magnolia zenii</i>	critically endangered
CR	<i>Rhododendron changii</i>	critically endangered
CR	<i>Rhododendron griersonianum</i>	critically endangered
CR	<i>Rhododendron magniflorum</i>	critically endangered
CR	<i>Rhododendron minus</i> var. <i>chapmanii</i>	critically endangered
CR	<i>Sorbus lancifolia</i>	critically endangered
CR	<i>Torreya taxifolia</i>	critically endangered
EN	<i>Abies koreana</i>	endangered
EN	<i>Abies nordmanniana</i> subsp. <i>equi-trojani</i>	endangered
EN	<i>Abies pinsapo</i> var. <i>marocana</i> aff.	endangered
EN	<i>Abies pinsapo</i> var. <i>pinsapo</i>	endangered
EN	<i>Acer griseum</i>	endangered
EN	<i>Acer tenellum</i>	endangered
EN	<i>Betula megrelica</i>	endangered
EN	<i>Cunninghamia konishii</i>	endangered
EN	<i>Fitzroya cupressoides</i>	endangered
EN	<i>Fraxinus chiisanensis</i>	endangered
EN	<i>Ginkgo biloba</i>	endangered
EN	<i>Ilex brachyphylla</i>	endangered
EN	<i>Juglans cinerea</i>	endangered
EN	<i>Liquidambar orientalis</i>	endangered
EN	<i>Magnolia dawsoniana</i>	endangered
EN	<i>Magnolia decidua</i>	endangered
EN	<i>Magnolia officinalis</i>	endangered
EN	<i>Magnolia sinostellata</i>	endangered
EN	<i>Magnolia stellata</i>	endangered
EN	<i>Metasequoia glyptostroboides</i>	endangered
EN	<i>Picea martinezii</i>	endangered
EN	<i>Picea omorika</i>	endangered
EN	<i>Pittosporum patulum</i>	endangered
EN	<i>Quercus acerifolia</i>	endangered
EN	<i>Quercus kiukiangensis</i>	endangered
EN	<i>Quercus oglethorpensis</i>	endangered
EN	<i>Quercus pontica</i>	endangered
EN	<i>Rhododendron adenosum</i>	endangered
EN	<i>Rhododendron amagianum</i>	endangered
EN	<i>Rhododendron balangense</i>	endangered
EN	<i>Rhododendron sanctum</i>	endangered
EN	<i>Rhododendron sanctum</i> var. <i>lasiogynum</i>	endangered

EN	<i>Sequoia sempervirens</i>	endangered
EN	<i>Sequoiadendron giganteum</i>	endangered
EN	<i>Taxus chinensis</i>	endangered
EN	<i>Ulmus chenmouii</i>	endangered
EN	<i>Xanthocyparis vietnamensis</i>	endangered
VU	<i>Abies cilicica</i> subsp. <i>isaurica</i>	vulnerable
VU	<i>Abies durangensis</i> var. <i>coahuilensis</i>	vulnerable
VU	<i>Abies fabri</i>	vulnerable
VU	<i>Abies fabri</i> subsp. <i>minensis</i>	vulnerable
VU	<i>Abies recurvata</i>	vulnerable
VU	<i>Abies recurvata</i> var. <i>ernestii</i>	vulnerable
VU	<i>Abies squamata</i>	vulnerable
VU	<i>Acer amplum</i> subsp. <i>catalpifolium</i>	vulnerable
VU	<i>Acer calcaratum</i>	vulnerable
VU	<i>Acer negundo</i> subsp. <i>mexicanum</i>	vulnerable
VU	<i>Acer pseudosieboldianum</i> subsp. <i>takesimense</i>	vulnerable
VU	<i>Acer pycnanthum</i>	vulnerable
VU	<i>Aesculus wangii</i>	vulnerable
VU	<i>Cedrus brevifolia</i>	vulnerable
VU	<i>Cupressus gigantea</i>	vulnerable
VU	<i>Davidia involucrata</i> var. <i>vilmoriniana</i>	vulnerable
VU	<i>Fagus hayatae</i>	vulnerable
VU	<i>Fagus longipetiolata</i>	vulnerable
VU	<i>Fraxinus baroniana</i>	vulnerable
VU	<i>Gymnocladus dioicus</i>	vulnerable
VU	<i>Heptacodium miconioides</i>	vulnerable
VU	<i>Juglans californica</i>	vulnerable
VU	<i>Magnolia cylindrica</i>	vulnerable
VU	<i>Magnolia sargentiana</i> var. <i>robusta</i>	vulnerable
VU	<i>Picea breweriana</i>	vulnerable
VU	<i>Picea likiangensis</i>	vulnerable
VU	<i>Picea likiangensis</i> var. <i>rubescens</i>	vulnerable
VU	<i>Picea morrisonicola</i>	vulnerable
VU	<i>Podocarpus salignus</i>	vulnerable
VU	<i>Prumnopitys andina</i>	vulnerable
VU	<i>Pseudolarix amabilis</i>	vulnerable
VU	<i>Pseudotsuga sinensis</i>	vulnerable
VU	<i>Pterostyrax psilophyllus</i>	vulnerable
VU	<i>Quercus hintoniorum</i>	vulnerable
VU	<i>Rhododendron asterochnum</i>	vulnerable
VU	<i>Rhododendron beanianum</i> aff.	vulnerable
VU	<i>Rhododendron bracteatum</i>	vulnerable
VU	<i>Rhododendron callimorphum</i>	vulnerable
VU	<i>Rhododendron calophytum</i>	vulnerable
VU	<i>Rhododendron citriniflorum</i> var. <i>horaeum</i>	vulnerable
VU	<i>Rhododendron clementinae</i> subsp. <i>aureodorsale</i>	vulnerable
VU	<i>Rhododendron dichroanthum</i> subsp. <i>apodectum</i>	vulnerable
VU	<i>Rhododendron eastmanii</i>	vulnerable
VU	<i>Rhododendron eclecteum</i>	vulnerable
VU	<i>Rhododendron galactinum</i>	vulnerable

VU	Rhododendron glanduliferum	vulnerable
VU	Rhododendron hookeri	vulnerable
VU	Rhododendron hunnewellianum	vulnerable
VU	Rhododendron hunnewellianum var. rockii	vulnerable
VU	Rhododendron hylaeum	vulnerable
VU	Rhododendron longipes	vulnerable
VU	Rhododendron makinoi	vulnerable
VU	Rhododendron maoerense	vulnerable
VU	Rhododendron microgynum	vulnerable
VU	Rhododendron mucronulatum var. ciliatum	vulnerable
VU	Rhododendron niveum	vulnerable
VU	Rhododendron orbiculare	vulnerable
VU	Rhododendron pachysanthum	vulnerable
VU	Rhododendron pudorosum	vulnerable
VU	Rhododendron qiaojiae	vulnerable
VU	Rhododendron ririei	vulnerable
VU	Rhododendron selense subsp. jucundum	vulnerable
VU	Rhododendron smirnowii	vulnerable
VU	Rhododendron souliei	vulnerable
VU	Rhododendron taliense	vulnerable
VU	Rhododendron thayerianum	vulnerable
VU	Rhododendron thomsonii	vulnerable
VU	Rhododendron traillianum var. dictyotum	vulnerable
VU	Rhododendron trichanthum	vulnerable
VU	Rhododendron tsaii aff.	vulnerable
VU	Rhododendron vaseyi	vulnerable
VU	Rhododendron wasonii	vulnerable
VU	Rhododendron williamsianum	vulnerable
VU	Sinojackia xylocarpa	vulnerable
VU	Sorbus latifolia	vulnerable
VU	Sorbus minima	vulnerable
VU	Thuja koraiensis	vulnerable
VU	Tilia callidonta	vulnerable
VU	Torreya californica	vulnerable
VU	Tsuga forrestii	vulnerable

red: new or again in collection since 2015 or more recent
