

Fraxinus

A Portrait Gallery

A close-up photograph of Fraxinus (ash) buds and young leaves. The buds are covered in brown, fuzzy scales. The young leaves are green and have serrated edges. The background is dark and out of focus.

A photograph of a Fraxinus chinensis tree in a grassy field. The tree is large and has a dense, rounded canopy of bright green leaves. It is situated in the center-left of the frame. To its right, there is another tree with darker green, more dense foliage. The ground is a well-maintained green lawn. The sky is overcast and grey. The text "Fraxinus chinensis" is overlaid in white, sans-serif font across the middle of the image.
